mediaBrilliance digitalXtudio

design. code. clarity.

dez@mediabrilliance.io

service rates

mediaBrilliance digitalXtudio builds clean, accessible websites and digital experiences for small businesses, creators, and startups. Every project starts with understanding your goals and constraints—then we build something that actually works for you.

website projects

starting at $1,500

Custom-designed, responsive websites built on the right platform for your needs (Squarespace, WordPress, or custom code). Includes consultation, design, development, SEO basics, and training.

---

website optimization

$300–600

SEO audit and optimization, accessibility improvements, performance tuning, meta tag optimization, and image compression for existing sites. Includes recommendations document.

---

digital presence strategy

$400–800

Audit of your current digital presence, competitive analysis, content strategy, and actionable roadmap. Perfect for businesses figuring out their online approach.

---

hourly consulting & custom work

site maintenance & updates	**$50/hr**
design work	**$75/hr**
development & coding	**$75/hr**
strategy & consulting	**$75/hr**

how we work

Most projects are scoped as fixed-price engagements after a free consultation. We'll discuss your needs, timeline, and budget—then provide a clear proposal. For smaller tasks or ongoing work, hourly rates apply.

bilingual services

All services available in English and Spanish. Content translation and bilingual site development included at no additional cost.

student & nonprofit rates

Reduced rates and value exchange (barter) arrangements available for students, nonprofits, and community organizations on a case-by-case basis.
